

HOW TO STREAM FROM MAGIC LEAP HEADSET TO A TV

Make sure you have the latest version of the app and that you:

1. Turn on Bluetooth on the headset
2. Connect the phone to the same wifi signal as the headset
3. Connect the phone via Bluetooth to the headset. You will see a pop-up in the headset, saying that Bluetooth was connected.
4. After you do #1 and #2, then launch the app
5. Wait 30 seconds, you will see a pop-up in the headset, which says, the App connected.

You can use a third party app called VIA Kramer for streaming the content of your phone to a TV.
